SUDDEN DEATH

Mrs. George Beattie Succumbs to Heart Trouble.

Stricken down by the cold hand of Death, Mrs. George Beattie, who only yesterday was among us, apparently in good health, today lies in silent sleep.

The community was greatly shocked, shortly after the upon hour Wednesday, to learn that Mrs. Beattie had succumbed to heart failure. She had been the guest of Rev. and Mrs. Clydesdale at dinner, and had been chatting and enjoying the occasion. Of a sudden, she complained that she felt dizzy, and in a few moments she had passed to the great beyond.

She is survived by a husband and one son. The family has lived in this community for the past three years, the husband being in business here until just recently. At present Mr. Beattie is on a business trip to Saskatchewan and as yet, all efforts to locate him definitely have failed.

The body was taken this morning to medicine Hat, and there interment will be made.

FROM THE SOUTHLAND

Negro Minstrels Make The "Burr" a Vibe.

J. B. Boyer's World Renowned Fashion Platel Dixiel Minstrel were here Tuesday. Their non-day parade and concert tempted a large number out into Uncle Sol's scorching rays, and 'twas well worth it. The band played a number of selections, after marching around our public square. Among the selections were several plantation melodies that lightened the face of a complexioned dancer, who threatened to have a larger crowd of watchers than the showmen themselves. Along with the band were a real (7) Southern mammy and grandpa who smoked their cigarettes as unconcernedly as though the laws of the southside were not upon them.

Their show in the evening was largely attended, practically the entire population being present. It was a fine entertainment.

Eachman Circus Coming.

On another page you will find the ad of the Eachman circus, which is to be here on Saturday for two performances. They say a fine show we understand, and undoubtedly will draw a large crowd. There are to be performances both afternoon and evening, rain or shine. There is to be a free attraction at the show grounds preceding each performance.

Miss A. Shortill, for the past year teacher of the Chalmers school, left last evening for Winnipeg, from where she will continue to her home in Toronto. The school board, Wm. Coleman, Murdoch McKenzie and D. A. Leitch, have requested a Miss Reid, also of Ontario, to be in charge when school reopens in September.

MAY HIS KIND INCREASE

Here's Farmer Who Believes In Mixed Farming.

Wm. Engle, who has a homestead about fifteen miles north, was in the office Tuesday to subscribe for the paper, and we had quite a little chat with him. He tells us that his crop look fine. Oats are nearly four feet tall and will run over 60 bushels to the acre and his flax, which is about twenty inches tall, promises to run at least 35 bushels. He remarks, however, that he is going to go in more for mixed farming and raise stock and poultry, as well as grain. This, he says, will do away with total failures in dry years. After all, this is what the farmers of the community must do, to secure a crop, if they don't want to be at the mercy of the weather and his jokingly ignored water supply. Isn't that true?

Special Notice.

Numerous complaints have been made to the town council regarding the cattle running in the streets. Either take care of your cattle or pay the fine.—By order of Council.

H. W. Feige, of Winnipeg, was a business visitor in our busy burg, Monday.

A NEW EDITOR AT THE HELM

Calvin Goss, Proprietor of "The Progress," Retires. The "News" Is Now Name of Your Paper.

With this issue of Progress the business passes into other hands. Herbert S. Ketchum, a young man from Lincoln, a printer of experience, takes charge of the business and the former-editor retires. Mr. Ketchum is a young man of character and energy and we doubt not will be able to give the people of Carlstadt a paper equally as good if not better than they have had the past six months. The former-editor expects to leave at once for a trip through the West and on the coast and will probably locate in British Columbia. Mr. Ketchum has been employed the past month on the Basan News and took charge of the business here on Monday. In this connection the editor of Progress wishes to thank the people of Carlstadt and vicinity for the liberal patronage he has received, and the very pleasant business relations he has had with the people here and to wish a continuance of the same to this worthy successor. If the people stand by the new proposition the retiring editor has faith to believe the paper will continue to be a success.

and grow into something better by and by.

Calvin Goss.

The new management of the paper enters upon the new duties with a feeling of pleasure for the acquaintances already made; and of justifiable pride in this coming city, which is situated in the fertile heart of the province. We plan to glorify the people of the community in particular, and the world in general, a newspaper to which you can point with pride as a worthy representative of your enterprising business houses and prosperous community—in other words, a news to BOOST CARLSTADT AND THE ENTIRE COMMUNITY.

Believing that you appreciate the fact that a newspaper is a mirror to reflect the town's image, and that it is to your interest to have the tale of the coming development of Carlstadt abroad, we are fully confident that you will give us the support necessary.

Herbert Ketchum.
